Performer Responsibilities

Performers will be scheduled to perform during the Marketplace Hours on Saturday and Sunday. Performers will be scheduled for two or three performance times each day.

When not performing, you are welcome and encouraged to wander the lanes and interact with guests in character at any time between Friday afternoon through Sunday evening. While you are welcome to stay in character all weekend, you are not required to stay in character outside of the Marketplace hours. We do ask that you remain in character if interacting with guests during the Marketplace hours.

To raise money for marketing and advertising, this year the festival has created a sponsorship program open to local area businesses. One sponsorship option is to buy space before a performance for a "This act brought to you by..." announcement. Should your performances be sponsored, you must be willing to make this announcement before each show.

You are welcome to "pass the hat" after each performance, but be respectful. Don't make our guest feel like they're being given a shake down after each show.
